Ration Board Suspends 7 Gas Cards

War Ration Board 83-12-2 today had canceled three more gasoline rations for the duration of the war, suspended four, and warned seven drivers that their records show a violation of the 35-mile speed limit.

Teddy Lauman, chairman of the board, pointed out that every driver who has a gasoline ration has signed an agreement with the federal government to observe the 35-mile speed limit. The language of the ration application is: "I hereby certify . . . that I will not drive in excess of 35 miles per hour . . ." over the signature of the applicant.

In addition to State Highway Patrol warning tags, the board acted on five police court convictions forwarded through the San Francisco OPA district office.

CANCELLATIONS

Cancelled were these gasoline rations:

Truck and horse trailer belonging to the D. G. Jackling Estate, Redwood City, driven by Edgar L. Norris. Accused of speeding 60 miles per hour between Livermore and Dublin.

Sedan owned and driven by H. W. Heintz, 260 Kelton Ave., San Carlos, arrested on a charge of speeding 65 miles per hour in Pacheco Pass.

Sedan owned by J. W. and Emmit Stephens, 92 Woodside Rd., Redwood City, and driven by Emmit Stephens. Arrested on a charge of driving 65 miles per hour on the San Francisco-Oakland Bay Bridge.

SUSPENSIONS

The rations were suspended:

Coupe owned by Margaret T. Rassmussen, 1928 Howard Ave., San Carlos. Driver accused of speeding 50 miles per hour near Livermore; 10 days.

Sedan owned by Mrs. Forrest C. Moore, 1577 Oxford St., Redwood City. Driver Forrest Clyde Moore accused of speeding 50 miles per hour in Santa Cruz County; 10 days.

Coupe owned by George Francis La Favre, 144 Devonshire, San Carlos. Owner accused of driving 50 miles per hour on Bayshore Hwy.; 10 days.

Sedan owned and operated by Charles B. Lomax, 331 Redwood Ave., charged with speeding 55 miles per hour on Bayshore Hwy.; 30 days.

WARNINGS

Warnings were issued to Elizabeth B. Girard, 33 15th Ave., Atherton, accused of speeding 50 miles per hour en route to work; to John L. Debenedetti, Mt. Home Rd., Woodside, accused of speeding 45 miles per hour on Bayshore Hwy.; Pearl M. Butt, 190 Iris St., guilty of speeding 45 miles per hour in South San Francisco; Donald L. Gaylord, 910 Ruth Ave., Belmont, convicted of speeding 45 miles per hour in San Mateo; Richard Philip, 815 Eighth Ave., Redwood City, convicted of speeding 42 miles per hour in San Mateo; James Dean, 2271 Poplar Ave., East Palo Alto, and Manuel Smith, 901 Week St., East Palo Alto, convicted of speeding 37 miles per hour in Palo Alto.

MENLO PARK: City Council Considers Rezoning Petition Of Felton Gables Residents

MENLO PARK—The city council this week took the following action:

1. Referred to the planning commission a petition to rezone the Felton Gables tract.

2. Accepted $25 each from the cities of Atherton and Palo Alto as their part toward the maintenance of the Menlo Park observation tower.

3. Endorsed enforcement of the present ordinance prohibiting use of bicycles on Menlo Park sidewalks.

4. Tabled an inquiry into the newly passed ordinance concerning building permit fees.

5. Adopted a resolution thanking three former planning commissioners for services rendered.

The petition from home owners in the Felton Gables tract asked that a city ordinance be passed to restrict buyable lots in the area to a minimum size of 60 by 90 feet and that only single dwellings be allowed.

Deeds to the tract, owned by Jerome Draper, establish that buyers may only build single dwellings and that the minimum size by 60 by 90 feet, but since there is no city ordinance to that effect, if any lot is resold Menlo Park's building inspector must grant the new owner right to build any type of residence he wishes, spokesmen pointed out.

Councilman William F. Cutter asked that the petition be referred to the planning commission, which will report back to the council at the next meeting.

Former Planning Commissioners Herbert McKechnie, Mark Loughlin and Bruce Huggins were thanked for their past services by a resolution brought forward by Councilman Charles Burgess.

SALVAGE: S.C. Committee Summarizes '42 Activities

SAN CARLOS—The San Carlos salvage committee reached its first anniversary last week, but the workers were too busy to take time out for any sort of celebration, Chairman Fred Drake announced today.

After a survey of a year's work by the committee, Drake issued the following statistics on the salvage shop:

About $1800 raised through sale of tin cans, scrap metal, broken bottles, useable canning jars and reclaimed clothing. Most of the funds have been used in buying various types of civilian defense equipment — $700 for masks and helmets for the wardens, $100 for Red Cross first aid kits for the ambulance corps, $25 for the Red Cross canteen are a few of these expenditures, Drake said.

Salvaged materials handled during the years, Drake reported, include 62,000 pounds of tin cans shipped and another 6000 pounds ready to go, 40,000 pounds of other scrap metals, 800 pounds of broken glass, 200 dozen canning jars sold and another 500 dozen awaiting this year's canning season and about four tons of rubber.

In a letter just received from John B. McAuliffe, War Production Board field representative for the salvage division, the group was praised for its "remarkable work."

The women who operate the salvage store are Mesdames Roy D. Gover, Carl Yearing, Melvin Soward and Edwin Leemis, assisted by Mesdames P. N. Van Dyne, Etta Lewis, Jessie Thomas and Lucille Lucerno. Assisting Drake as yard warden for the salvage depot is James McDonnell.

Stanford To Offer Draughting Course

STANFORD UNIVERSITY — Two free drafting courses for women and draft-deferable men will begin Apr. 5 on the Stanford campus, Eugene L. Grant, director of the university war training office, announced today.

Both aircraft drafting and engineering drafting, with technical calculations, will be open to women who are high school graduates with two years of mathematics or equivalent. The students will attend classes for 11 weeks on a full-time, five-day basis. Those selected by Consolidated Aircraft Corp. to work in San Diego at the completion of the course will be paid $100 a month during their training.

Measled Patient Flees Ward

An expectant mother who had been isolated in Community Hospital at San Mateo with measles since Monday left the institution Tuesday night in a highly unconventional manner and made her way to her husband, Army Sgt. Joe Ceriana at Half Moon Bay, the hospital reported today.

The San Mateo County Department of Health and Welfare said that Mrs. Ceriana, 21, was clad only in a regulation hospital gown and slippers when she departed. She left by a window, jumping five feet to the ground.

She made her way in the chill night air to the home of I. Tuck near the hospital, and standing in the darkness outside his door, asked him to call a taxi.

The taxi took Mrs. Ceriana to Half Moon Bay, the driver entirely unaware that he carried a case of communicable disease in the back seat. Tuck reported the case to the hospital. Mrs. Ceriana joined her husband shortly before midnight and today was reported to be under care of an army doctor.

Meanwhile the health department was going through the regulations on isolation to see what will be done to curb any spread of Mrs. Ceriana's measles. It was agreed that Mrs. Ceriana violated the law when she left the hospital, but no prosecution was anticipated because of her delicate condition. It was anticipated that she would be isolated in her hotel room at Half Moon Bay at least until the arrival of her child, expected shortly. She "escaped" between 9:15 and 9:30 p.m.

Governor Replaces A. V. Swift

Arthur V. Swift of Redwood City, member of the State Park Commission for more than two years, is one of four commissioners who were replaced by Governor Earl Warren's "all native son" commission, appointed this week.

Swift, notified of the new appointments by the Tribune, said he had received no official notification but that he had been expecting one for some time.

Swift, too, is a native son, a member of Redwood Parlor 66.

The retiring park commissioner was a prime mover in inducing the state to purchase $20,000 of San Mateo County's coastside beaches, a purchase still in process of completion. Swift also was the leader in winning commission approval of the state purchase of Shrine Park, a proposal now before the State Legislature in a bill introduced by State Sen. Harry L. Parkman.

New "native son" commissioners are George Waldner, Ferndale publisher; Joseph R. Knowland, Oakland publisher; Alfred Harrell, Bakersfield publisher, and Isidore Dockweiler, Los Angeles, who was reappointed. They succeed Swift, Matthew B. Gleason of Los Angeles, Milton T. Vanderslice of Walnut Creek, and Paul Mudgett of Fortuna.

U.S. Army Film Shown at Fox Sequoia

Tebourba Tank Battle: American tanks fan out into battle formation as they thunder into the Tebourba Valley from the hills in the background. Clouds of dust almost hide a second line of tanks in the rear. Tebourba, seized by the Allies and then abandoned, was retaken in this battle. Cameramen who took these scenes were often closer to enemy lines than to their own. These scenes, and others, will show graphically, in technicolor, just what our boys are doing over in Africa. The film from which this scene was taken will play at the Fox Sequoia Theater tonight and Saturday. On the same program are "The Immortal Sergeant" and "Margin for Error."

SEQUOIA: Physical Education Students Learn Self-Protection Methods in Water

Boys' physical education classes at Sequoia High School are learning how to take care of themselves in water under wartime conditions in a new course directed by Coach Clyde Devine.

A cargo net, life preservers, a surf boat, 16-foot canoe and a rowboat will be used in the classes in teaching boys how to evacuate burning ships, to right and get into overturned boats, to frighten sharks away from swimmers.

Information on defending against gas attacks will be distributed Saturday morning by Sequoia High School sophomores, James Thornton, director of research, said today. The instruction pamphlets are being assembled and issued by the Redwood City Civilian Defense Council.

Radio navigation was explained by Lt. Gale Kehmeier of the United States Air Lines and the army to the Sequoia preflight class recently. The lieutenant, who is a co-pilot and navigator on a four-motored plane, explained the use of the loop antenna in taking plane bearings in relation to radio stations or visual land objectives.

RECREATION: A. L. Spinas Heads Nominating Group

Andrew L. Spinas has been named chairman of a nominating committee to select officers for the Redwood City Recreation Commission. Election of officers will be held in May, according to Miss Louise Stiles, secretary.

Ralph T. Case and Miss Stiles also were named on the committee by Chairman Donald L. L. Bogie. Appointed to a budget committee were Elmer Ross, chairman; Mrs. Kenneth L. Bowen and Samuel E. Alberson.

Alfred (Red) Morton, recreation director, who gave a report on activities for youth and plans for the future, was commended by the commission for his work. It was recommended, however, that more activities be planned for adults.

Ole S. Oleson is a new member of the group, replacing Albert P. Oneto, who is now in the army.

Parr Clarifies Goodwill Set-up

Fred D. Parr, president of the board of directors of The Goodwill Industries of San Francisco, has advised the Tribune that his organization has no connection with the Goodwill Store in Burlingame.

"It has come to my attention," Parr wrote, "that some residents of San Mateo County are confusing a store in Burlingame operated under the name Goodwill Store with the Goodwill Industries, a non-profit organization which has operated in this territory for 26 years.

"Goodwill Industries is organized to collect discards and employ handicapped people and serves not only San Mateo County by also San Francisco and Marin Counties. The factory and stores are established in San Francisco which is the central point for these three counties. Goodwill Industries has no store in San Mateo County."

Daniel E. Koshland of Hillsborough, John E. Tunnicliffe of Burlingame and Parr, a resident of Palo Alto, represent the Peninsula on the Goodwill Industries board.

Mrs. Mayo Heads Consumer Group

Mrs. S. S. Mayo today had been appointed by Mayor Floyd D. Granger as consumer interest chairman of the Redwood City Civilian Defense Council.

Mrs. Mayo will work with Mrs. A. S. Kalenborn, vice chairman of the women's committee of the Redwood City defense council and recently-appointed community service chairman of the war rationing board, in developing an educational program designed to inform housewives on OPA program and policies.

The program will be carried out by nutrition lectures and demonstrations, the Speakers' Bureau, volunteer office and block organizations of the council and such other methods as may be developed to pass on to the consumer the salient points of the rationing program.

There are 150 species of sharks, ranging the tropical and subtropical waters of the world.

Juveniles Returned To Custody

Two 14-year-old inmates of the San Mateo County Juvenile Home who escaped Friday had been returned to custody today from Monterey where police said they arrested them in a stolen skiff on Monterey Bay.

Disclosure of the escape was made belatedly Wednesday by Probation Officer Francis Robinson.

SCALE SKYLIGHT

He said the two boys escaped through a small bathroom window, scaled a 12-foot skylight and made their way across a roof to a fire escape.

Robinson explained that a bar on the bathroom window, ordinarily held in place by a chain and lock, had been left unlocked by carpenters recently while making repairs.

The escape was discovered within 10 minutes, but the boys made their way to Menlo Park, stole an automobile, abandoned it in San Jose, and hitch-hiked their way to Salinas. Next morning they walked most of the way to Monterey and stole the skiff.

ONE TO LOS ANGELES

One of the boys, Robinson said, will be returned to Los Angeles where he was once committed to Whittier Reform School, but released on stay of execution. He was in custody for stealing a San Mateo florist's truck and is accused of threatening to shoot a Hillsborough officer with a .25 caliber automatic pistol.

The other boy is from Sharp Park, in custody on a car theft charge. Robinson said the Sharp Park boy probably would be sent to a state institution.

MENLO PARK NEWS

BY D. E. O'KEEFE

Miss Fannie Jacobie is here from Bangor, Me., to spend the Summer with her aunt. The pretty school teacher is so in love with California that she may decide to remain here.

★ ★ ★

Tommy McLaughlin, who passed away recently, enjoyed the friendship of hundreds in Menlo Park. He was a popular young man who always aimed to help others and bring happiness to those in trouble. Tommy will be sorely missed by his wide circle of friends.

★ ★ ★

There doesn't appear to be much interest manifested in the approaching election in April, although three candidates are being lined up for seats on the city council. The contest may warm up within the next week or two. There are no issues in the campaign.

★ ★ ★

Material has arrived at the Hopkins property for the construction of a large hospital for the U. S. government. The 400-acre tract is now owned by Stanford University. All but about 120 acres will be utilized by the government. The supervisors are preparing plans to extend Willow Rd. across Middlefield through the Hopkins Estate to El Camino Real. This project was talked of 20 years ago, but no action was taken owing to the objection of the late Timothy Hopkins. It is proposed to widen Willow from the Dumbarton Bridge to Middlefield and continue it to the county road. It would be one of the finest and most popular thoroughfares on the Peninsula.

★ ★ ★

The large flocks of wild pigeons here during the Winter have departed for their summer home in the hills.

★ ★ ★

It is said that four salmon, averaging eight pounds each, were caught at the mouth of the San Francisquito Creek last Wednesday by San Francisco poachers. The fish were seeking the headwaters of the stream to spawn.

★ ★ ★

Menlo Park is between the devil and the deep sea. Palo Alto would like to extend its lines across the creek and Atherton would be pleased to annex adjacent territory. Menlo Park would be absorbed between the two. The people of this city are wide awake and will not permit their beloved city to be stolen.

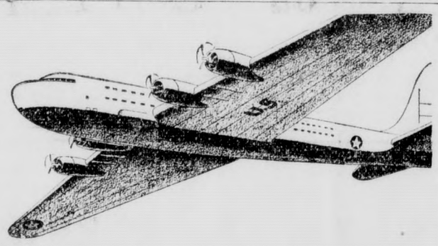
Navy Seeks Men For Radio Service

Because of an immediate demand for more communications officers, the navy today stated that men without experience in radio or electronics but with training in other engineering fields may now qualify for commissions in communications.

Applicants must be between 20 and 35 years of age and have degrees in chemistry or agricultural, ceramic, chemical, metallurgical, mining, petroleum or general engineering. They will be given special training. Men experienced in radio and electronics are still being sought for this service, and many physical disabilities and vision requirements will be waived for men with adequate previous experience in radio, the navy said.

Application may be made at the Naval Officer Procurement Office, 703 Market St., San Francisco.

Crete, Mediterranean strategic isle, is twice the size of New York's Long Island.



It shall be...

A TOTAL VICTORY
A LASTING PEACE

OUR BOYS are striking telling blows these days on many battle fronts. They will strike harder and oftener throughout 1943. And this will be because you with your Bond Dollars are giving them the weapons to fight with. Every ship, plane, tank, gun, rolling off the American line of production, is speeding the day of total victory.

Knowing this, you are willing to sacrifice, to forget luxuries, even to do without many things you have looked upon as living necessities. It is the boys on the firing line who must endure the real hardships. And that our country shall be safe and that we shall win through to a lasting peace, we at home must do our share in the only way open to us—and that is by making sure that the world's best munitions of war are in the hands of the world's best warriors.

Buying War Bonds is the patriotic thing to do. It is also the smart thing to do. It is a guarantee of America's future. For when the boys come home those bonds will be ready to find their way into the channels of free American enterprise—to build homes, establish farms, equip shops, and help our nation move into the blessed activities of Peace.

Buy War Bonds regularly and according to plan. Increase the percentage of your income you are investing in them. Help to build up the grand total of America's Nest Egg.

Louise Chastain Wins Divorce

Louise B. Chastain has obtained an interlocutory divorce decree from J. C. Chastain, former Redwood City weekly newspaper publisher who pleaded guilty in October to federal charges of failure to notify his draft board of change of address.

Mrs. Chastain was awarded custody of their two sons, Robert, 2, and John, 5. She charged cruelty.

The decree was signed by Judge Maxwell McNutt.

The Chastains were married Feb. 14, 1936, and separated July 30, 1941.

New Zealand's population about equals that of Detroit. Half of the males between the ages of 16 and 60 are in the fighting forces, which number 250,000 men, fully trained and equipped.

DEMATTEIS: Delinquency Mushrooming

"Although San Francisco has trouble with increasing crime, San Mateo County is fortunate in that crime as a whole is decreasing," asserted Louis Dematteis, deputy district attorney, before Toastmaster's Club Monday evening.

"However," he pointed out, "juvenile delinquency is mushrooming at an alarming rate. We are doing all we can to cut down the acts of violence of young boys, but we need the help of everyone in the community, particularly in the earnest consideration of putting in a curfew ordinance to keep youngsters off the streets at night, such as is in effect in San Francisco."

Other speakers were Earl Whitaker, Frederic Gibbs, Donald Bogie and Chester Armstrong.

John Eshleman was chairman, Dr. Virgil Anderson, critic.

Reservations were made for the area public speaking contest at Palo Alto Thursday, when Henry Pahland and James Thornton will represent Redwood City Toastmasters against contestants from San Mateo, Burlingame and Palo Alto.

NEW BOOKS: R.C. Library Lists Fiction Volumes Added to City's Collection

The newest and most popular fiction books added to the shelves at the Redwood City Public Library, according to Miss Wilhelmina Harper, include the following:

"Heather Heritage," J. B. Duncan's story of a man longing for the beautiful childhood he knew in a small Scottish community in Canada. The book is enhanced by the charm and situations of a rural community and is seasoned with just enough Scottish dialect to complete the picture.

"Destroyer from America" by John Fernald is a fictionized account of the voyages of one destroyer taken over by the British. Absorbing and exciting, the story gives a vivid picture of what the naval heroes of England or of any nation actually experience.

"Happy Land" is MacKinlay Kantor's timely story of a small family broken by the war—the father embittered, feeling that his boy's life was wasted, the mother saddened, but knowing that life must go on. The kindly, warm-hearted ghost of the grandfather firmly takes a hand and, by leading the father back through the landmarks of the boy's full life, convinces him that here was an America which must go on, though the price be high.

"Blackout in Gretley" is by England's most popular novelist, J. B. Priestley. It is a novel of and for wartime.

Others are:

"The Arm and the Darkness," Taylor Caldwell.

"Dark Duet," Peter Cheyney.

"Cong Song," Stuart Cloete.

"Excuse Me, Mrs. Meigs," Elizabeth Corbett.

"Goodbye, My Son," Marjorie Coryn.

"The Affair at the Boat Landing," A. B. Cunningham.

"The Happy Man," Robert Easton.

"Search for a Key," Walter Duranty.

"Great Modern Catholic Short Stories," Mariella Gable.

"The Strong Shall Hold," Dashiel Hammett.

"Sweet Beulah Land," B. K. Harris.

"The Whole Heart," Helen Howe.

"Beneath Another Sun," Ernst Lothar.

"November Storm," Jay McCormick.

"The Waltz Is Over," Hester Pine.

"It's All in the Family," D. A. Robinson.

"The Human Comedy," William Saroyan.

Military Training Applications Now Available

Application blanks for the qualifying tests for the army specialized training program and the navy college training program to be given Apr. 2 are now available in Rm. 3 at Sequoia High School, James W. Thornton Jr., supervisor of the testing here, announced today.

High school seniors, recent graduates and college students between the ages of 17 and 22 are qualified to take the tests if they are not already enlisted in any branch of the services or their reserves.

The tests, which are scheduled for 9 a.m. in the Sequoia auditorium, are the only ones to be given for at least six months, Thornton pointed out. Since successful completion of the tests qualifies the applicants for college training and for commissions which usually follow the training, all young men are urged to take them now, for during the ensuing months most of them may be drafted into the armed forces without another opportunity to qualify for the commissions.

The applications will include a choice of service — whether army or navy—desired by those under 20 years of age, but all applicants over 20 will take the army qualifying test, Thornton said.

From those who successfully complete the examinations, candidates will be selected to attend colleges and universities under contract to the services. Students selected for the army program will be required to undergo their basic military training and further screening tests before being assigned to colleges, but the successful navy applicants will be detailed directly to college. During the training the students will be supplied all expenses, materials and uniforms and will be under military discipline, receiving pay.

Thornton and S. S. Mayo are in charge of the testing here.

Wilson Takes Over Gardening Class

Albert Wilson has been designated to take over Mrs. Louise Barker's home gardening classes at Sequoia High School, Supt. A. C. Argo said today. Mrs. Barker will continue with her other teaching assignments in home studies.

The passenger pigeon, great auk, heath hen, paroquet and Labrador duck have been exterminated in America.

R.C. To Test Sirens Saturday

When the Redwood City air raid sirens blow the "all clear" at noon Saturday, don't let it worry you, for it will be a test only, advises Mayor Floyd D. Granger.

The signal used on the sirens at the firehouse and John Gill School will be a sustained sound of 30 seconds duration, and no civilian defense equipment or personnel will be called out, Granger said.

The test of the signaling system is to be carried out in conformity with regulations laid down by the commanding general of the Western Defense Command and the Fourth Army.

SALUTE: Amendment Clarified

In response to numerous inquiries from Redwood City residents regarding the proper salute to the flag when the pledge of allegiance is given, Mayor Floyd D. Granger today clarified the official action of the 77th Congress.

By congressional amendment, the custom of extending the right arm and hand toward the flag at the words "to the flag" will be discontinued, Mayor Granger pointed out.

"The 77th Congress, second session, passed a joint resolution, H. J. Res. 303, to codify and emphasize existing rules and customs pertaining to the display and use of the flag of the United States of America. It is generally known as Public Law 623, and with its amendments specifies that:

"When the pledge is recited, the right hand should be placed over the heart at the beginning of the pledge and held there until the end. However, civilians will always show full respect to the flag when the pledge is given by merely standing at attention, men removing the head dress. Persons in uniform shall render the military salute."

Belmont Re-Elects Incumbents

BELMONT — Only 176 voters turned out at the city hall this week to cast their ballots for two members to the Belmont County Water District board, City Clerk Catherine Heartsner reported today.

Alexander Morrison and H. W. Hannibal, incumbents, were unopposed in the election and were returned to their positions on the board by a vote of 167 each. F. N. Almstead received a few write-in ballots.

Morrison is a city councilman and Hannibal acts as Southern Pacific station agent at Belmont. Both have long been members of the water commission.

John W. Dean Wins Service Award

A gold pin symbolizing 20 years of continuous service with the company has been awarded to John W. Dean, 313 East Brewster Ave., Redwood City, by the Standard Oil Co. of California, the firm announced today.

Speaker Seeks Negro Equality

"Our dreams of the brotherhood of man have not come true—our political dream under the American Constitution has not produced freedom and democracy," Mrs. S. L. Staton of the Association for the Advancement of the Colored Race told the congregation at St. Peter's Episcopal Church Sunday in a service held in conjunction with the choir and congregation of St. James African M. E. Zion Church of San Mateo.

"Our forefathers, brought unwilling to these shores 300 years ago, came not as heathen or cannibals, but as men and women with centuries of cultural development behind them," Mrs. Staton said. Yet today, 77 years after the Emancipation Proclamation, the Negro still lives "in a white world and is neither wanted nor encouraged to participate as a whole in its activity.

"The Negroes," she declared, "want to know if they are included in the promises of the four freedoms of the magnificent promises to mankind, the Magna Carta of the Atlantic. . . . This nation must set the example of practicing what it preaches. We can freeze economic products—why can't we freeze discrimination, not only for the duration but forever?"

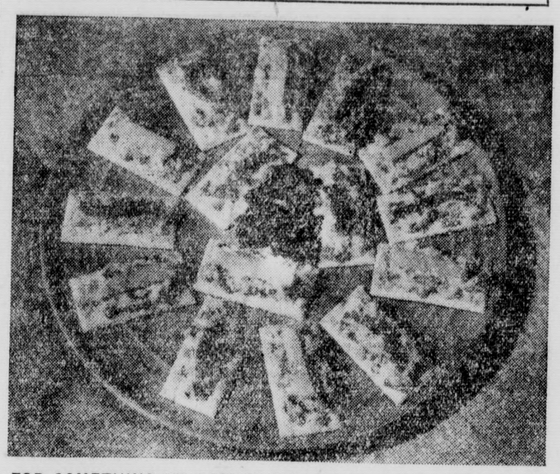
Vestrymen directing the service were the senior and junior wardens, H. A. Brown and George Wilczewski, and Sherman D. Gardner, with William Fogelquist as crucifer. Preceding the service, Mesdames Ben Walker, H. A. Brown, Jane Fogelquist, Jane Brown and Schuyler Pratt served a supper to the two congregations.

Army Takes 244 From Stanford

STANFORD—Stanford lost its new student body president, 23 star athletes and many other students prominent in campus activities when the army ordered 244 of the university's enlisted reservists to report for active duty Apr. 5.

Jack Reynolds is the recently-elected student body president. Among those called were 11 football players, 5 trackmen, 2 baseball players, 1 tennis player, 2 rugby players and 2 skiiers, including Bobby Blatt, nationally-known ski champion.

Deviled Snow Flake Snacks



FOR SOMETHING TO SERVE with that hospitable cup of tea (or coffee)—have this spread tucked back in the refrigerator, ready to amaze and delight all comers:

Melt 2 tablespoons of butter in saucepan. In it cook 2 cups of shredded dried beef (or any chopped luncheon meat) for 10 minutes. Over meat sprinkle 2 tablespoons flour and blend. Stir in 1 cup of evaporated milk and boil 1 minute stirring vigorously. Remove from heat and blend in 2 teaspoons prepared mustard. When cool spread on a strip of two flaky, oven-fresh Snow Flakes, top with strip of pickle . . . slip into the oven until hot. Serve at once.

Bulk of Mannon Estate Goes in Trust for Family

James Milton Mannon Jr., San Francisco attorney and Atherton attorney who died Mar. 9, left the bulk of his estate in trust for members of his immediate family according to his will, filed for probate in superior court here.

The will, dated July 5, 1939, gave $500 each to Philip P. Paschel, St. Francis Hotel, San Francisco, a friend, and Minnie L. Smith, San Francisco, Mr. Mannon's secretary.

He left his personal effects to the widow, with the right to hand them on to his brother, Charles M. Mannon of Ukiah. To his brother he also gave his stock in the Savings Bank of Mendocino County and in the Bank of Willits.

He provided that sufficient funds from the estate should be taken to purchase an annuity which would pay his aunt, Mrs. T. W. Brotherton of Santa Rosa, $100 monthly.

The remainder he divided into five parts. One will purchase annuities for the widow, Mrs. Frances B. Mannon; one for the benefit of their daughter, Patricia, to accumulate until she is 25, then give her a life income; two other parts for the two sons, James Milton Mannon III and Edward McCutcheon Mannon, to accumulate until they are 35 years of age; and the fifth share was to go to three children of Charles Mannon: Martha, Mary and Charlotte Mannon, and to his grandson, Charles Mannon, all of Ukiah.

The will said all of the property disposed of was Mr. Mannon's separate property, that he had made some additional provision for his wife through insurance and by division of the community property. The value placed on the estate is "over $10,000."

Executors are James D. Adams of Ross; John W. Park of Berkeley, and Wells Fargo Bank & Union Trust Co.

Mr. Mannon was senior member of the law firm of McCutcheon, Olney, Mannon and Greene. He was onetime attorney for the University of California board of regents.

CONTEST: Beth Childs Competes

Miss Beth Childs, young Redwood City musician, today prepared for what her former Sequoia High School instructor, Max Gelber, believed to be the opportunity of a lifetime.

Miss Childs, a 1942 Sequoia graduate and already an oboist of note, has become a semi-finalist in the contest sponsored by the San Francisco Music Assn. and KGO for young musicians.

Gelbert disclosed today that Miss Childs is one of six remaining in the contest for an opportunity to appear as soloist with the San Francisco Symphony Orchestra, and that all of the other contestants are pianists.

Thursday at 9 p.m. three of the six semi-finalists will compete, and the other three will be heard Apr. 1. From the three finalists selected from these two competitions, Pierre Monteux, conductor of the S. F. Symphony, will select the one soloist to appear in concert.

Exchange Club To Sponsor Troop

Redwood City Exchange Club directors this week voted to sponsor Boy Scout Troop 149 under Scoutmaster Walter D. Esselstein, 16 Hillview Ave. The troop has been in operation for three months under a citizens' committee led by Dr. W. B. Langston, 12 Myrtle St.

Ensign Josephine R. Yates of the Women's Reserve, United States Naval Reserve, explained that the designation WAVES, now used in official navy orders, is not a combination of initials as is the term WAAC. She predicted that by the end of 1943 the WAVES would number 40,000 compared to 13,000 now. Chairman of the meeting was Lt. (jg) Kenneth L. Bowen, USNR.

THE SITUATION: *Many War Trains delayed for lack of Brakemen!*

THE REMEDY: *Suspend California's stringent "Full Crew Law" during the War Emergency.*

The railroads are carrying a tremendous load of war freight as well as troops and their equipment. This freight must be moved quickly, efficiently and without delay, for this is vital to the war effort. This freight includes equipment for our armed forces, materials for shipyards, airplane factories and other plants whose products are needed to win the war.

Like most other industries the railroads are short of manpower, and unfortunately many freight trains were delayed in California last year for lack of brakemen.

As an example of delays, one California railroad alone had 226 trains delayed from 15 minutes to 22 hours during a ten day period in October, for lack of brakemen.

Other roads had similar difficulties in meeting their wartime responsibility. As our war effort is increased, particularly on the West Coast, the railroads will have more and more passengers and freight to carry. 1943 will exceed 1942 in train movements.

An important factor in the shortage of brakemen in California is the California "Full Crew Law," which specifies the number of brakemen on trains according to their length and the grades on which the trains operate.

There are only 14 states out of the 48 which have "Full Crew Laws" and California's law is the most restrictive, burdensome and stringent of them all. Many freight trains carry double the number of brakemen required or used in any other State of the Union.

The California railroads, therefore, are asking the California legislature to suspend the provisions of the law requiring more than two brakemen per train. They ask this suspension for the period of the war emergency only.

The California "Full Crew Law" was passed way back in 1911 and the California railroads contend that there are no reasons now for the excessive number of brakemen required by the California law. And brakemen will still have plenty of employment, for during the war emergency there will be no necessity to "make work" for any class of railroad employees, including brakemen.

You know the importance of railroad freight transportation in the war effort. You have proved this by a considerate and understanding attitude when passenger trains have been delayed by freight traffic. We are therefore issuing this frank statement in order that you may know our problem, what we are asking of the legislature, and why.

"Make production" and *not* "make work" legislation is our country's need now.

Belmont Continues Battle for Control of Sanitary District

would not pass.

Councilmen pointed out, before adjourning, that almost 90 per cent of the district's assessed valuation and a like proportion of the improved property lie within the city limits, and that board activities in the district area outside the city amounted to inspection of new buildings and issuance of septic tank permits.

SURVEY: Results Favorable

Almost three quarters of the backyards in Redwood City already have, or soon will have, victory gardens, results of a survey recently conducted by Sequoia High School juniors and seniors revealed today. The survey was made on behalf of the Redwood City Home Food Production Committee and was directed by James W. Thornton Jr., director of research at Sequoia.

The students returned with 3107 questionnaires, of which 342 were blank. These blank questionnaires, Thornton said, indicated homes which had been visited unsuccessfully at least twice by the students.

In answer to the question: "Are you going to have a garden?" 2278, or 73.3 per cent answered in the affirmative, 11.1 per cent replied in the negative and 15.6 per cent gave no answer.

"The results indicate," Thornton informed Andrew Spinas, chairman of the home food committee, that about three fourths of Redwood City citizens intend to raise some of their own food this year. The 'no answer' groups include the 342 questionnaires as well as all who were undecided or who for some reason did not answer the question. Some questionnaires were marked 'Did not understand English' or 'Would not co-operate'."

Spinas said that the figures, although not covering the entire city, still give a good basis for computing totals for the entire city, for they represent a cross-section. They indicate, he said, that just about everyone except apartment house dwellers, is active in the home food production program.

Eight hundred eighty three families, or 28.4 per cent, are raising chickens or rabbits to supplement their meat rations, the survey indicated. Negative replies were given by 56 per cent, and 15.6 per cent either failed to answer or were undecided.

Six and nine tenth per cent indicated willingness to participate in a community victory garden project because they either have no land or felt that they will need larger gardens than their land would make possible. The large numbers answering "No" or giving no replies, Thornton said, included those who already had enough space for private gardens.

Slightly more than one quarter of the questionnaires indicated that the persons queried were interested in having neighborhood meetings for the discussion of gardening problems, and 40.7 per cent replied in the negative.

Bankers Adopt Loan Resolution

A resolution urging Congress to enact legislation prohibiting governmental bureaus and agencies from making agricultural loans out of public funds in competition with established commercial banks has been adopted by the Independent Bankers Assn. for the Twelfth Federal Reserve Dist., it was announced yesterday by J. Elmer Momsh of the First National Bank, which institution is a member of the Independent Bankers Assn. of Central California.

The sun rotates on its axis once in 25 earth days.

Public Notice

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE
No. 10038 Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of PETER TOGNINALLI, Alias, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned, WILLIAM F. CROSBY, administrator of the estate of PETER TOGNINALLI, alias, deceased, will sell at private sale, on the 30th day of March, 1943, at ten o'clock a. m. of said day, or after said day, to the highest and best bidder, upon the terms and conditions hereinafter set forth, and subject to confirmation of the above-entitled Court, all the right, title, interest, and estate of the above named decedent at the time of his death, and that which has accrued, by operation of law or otherwise, to the estate of said decedent since his death, in and to the following described real property:

All that certain real property situate in the County of San Mateo, State of California, described as:

Lots 6 and 7 in Block 205, as shown on that certain map entitled "ESTATES OF EMERALD LAKE SUBDIVISION TWO," filed in the office of the County Recorder of San Mateo County August 1, 1927, in Block 16 of Maps at pages 18 to 21, together with improvements.

The terms and conditions of sale are as follows: Cash, lawful money of the United States, ten (10) per cent of the amount bid to be paid at the time of the acceptance of the bid, the balance on confirmation of sale by the Superior Court; the deeds and instruments of title to be at the expense of the purchaser; the purchaser to assume the payment of, and take the property purchased by him subject to all the state and county taxes and all assessments of whatever name or nature, which are now or may become hereafter chargeable to or a lien against the property purchased by him.

All bids and offers must be in writing, and may be left at the office of Gilbert D. Ferrell, District Attorney and attorney for said administrator, Court House, Redwood City, California, or may be delivered to said administrator personally in said County of San Mateo, or may be filed in the office of the Clerk of this Court, at any time after the first publication of this notice and before the making of the sale.

Dated: March 15, 1943.

WILLIAM F. CROSBY,
Administrator of the Estate of PETER TOGNINALLI, alias, Deceased.

GILBERT D. FERRELL,
District Attorney, and Elinor Louise Falvey, Deputy District Attorney for Public Administrator.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

COUNCIL: 3 Methods Proposed

BELMONT—Residents of Belmont, hopeful that the Belmont Sanitary District problem would be settled, turned out in moderate numbers Monday for the city council meeting, only to find, after all the discussion was over, that Belmont still does not have control of the defunct district and the problem is little nearer to settlement than before.

The sanitary district and its board were dissolved at a special election Feb. 5 on the assumption that, after the formality of a survey conducted by the county engineering department, the district could be consolidated with the city government as an economy measure and be maintained by the city with the district's funds—some $2300 lying in the county treasury to the credit of the district.

Instead, the county appropriated the district's equpment, which includes a truck as well as rods and chains used in keeping the sewers clear. This left the city of Belmont without a truck, for the city had had use of the truck on a rental basis. After urgent appeals, the county has loaned Belmont the truck until the matter can be settled.

At last night's council meeting, newly-appointed City Atty. Paul A. McCarthy outlined the three methods by which funds and facilities of the district might be brought back into Belmont hands: Contesting the election on grounds that it was not sufficiently posted and published, annexation of the district areas which lie outside the city limits or a compromise with the supervisors wherein that percentage of the district funds which correspond to the assessed valuation of real estate in the district which lies within the city limits be turned over to the city, with the rest to be administered by the county.

The third method—compromise with the county—will be the first means tried, council decided, appointing Councilman Carl G. Schoof and Attorney McCarthy to confer with County Engineer M. A. Grant and with Asst. Dist. Atty. Dan Sullivan, legal adviser for the board of supervisors, before submitting an appeal to the supervisors for transfer of the funds.

The election might be contested, McCarthy and Councilman Harry Walden said, on the basis of conflicting sanitary code rulings which call for four weeks' posting and four publications of election notices in some instances and only 20 days' posting and three publications in others. The dissolution election was posted for 20 days and was not published at all, following the procedure used in election of officers for the district.

Successful contest of the election would put the district right back where it was before the election, Walden pointed out, adding that a second dissolution election, if proposed, probably

Don't Lose Your Ration Points!
Current Blue A B and C point ration coupons are not good after March 31. *Spend them now*—and spend them at SAFEWAY where you can count on full value for both your money and ration coupons. Prices in many instances are far lower than ceilings and stocks are ample, variety large. Blue point ration coupons D, E, and F may be used beginning March 25.

Dressings styled for salad glamour

Variety in a salad lies not only in the salad ingredients, but also in the dressing. Just a dash of this or that does wonders for your favorite salad dressing and mayonnaise, and changes the entire personality of the salads. And now that spring is getting under way, and fresh vegetables and fruits will be making their appearance on the markets in greater abundance, it's the opportune time to let generous salads assume a featured role on the menu. Salads are vitamin and mineral foods, you know, and do wonders for winter-tired appetites.

RUDDY DRESSING — Combine 1 cup salad dressing or mayonnaise with shredded raw beet and the juice of half a lemon. The beet tints the entire dressing. Chopped cooked pickled beets may be used, too. Delicious on raw or cooked vegetable salads.

MOCK HORSERADISH — Add ½ cup finely ground cabbage to 1 cup salad dressing or mayonnaise, and touch it up with a dash of salt and pepper and celery seed if desired. Use it as horseradish or as a dressing for meat and vegetable salads. Perfect as a relish on cold plate lunches or with sandwiches.

CHIVE DRESSING — Combine 2 tbsps. finely chopped or sliced chives with 1 cup salad dressing. If you've no chives, then the green tops of onions do the trick. Use this dressing on meat, fish and vegetable salads.

MOCK HOLLANDAISE — Mix 1 cup salad dressing or mayonnaise, 2 tsps. prepared mustard, 1 tbsp. lemon juice, and a dash of salt, and serve as a sauce for hot vegetables such as cauliflower, asparagus, and artichokes.

PEANUT BUTTER DRESSING — To 1 cup of salad dressing or mayonnaise, add ¼ cup of peanut butter, and a few drops of lemon juice. Mix well and serve on cabbage, carrot, and fruit salads. It's especially good on apple salad.

SWISS MISS DRESSING — Add ¼ cup shredded Swiss cheese to 1 cup salad dressing or mayonnaise. American cheese has its flavor points, too. Both are the perfect dressings for fruits of all varieties.

PIQUANT DESSERT SAUCE — Mix 1 cup of salad dressing with ⅔ cup fruit juice, any kind is very good, and use as a topping for fruits. If a sweeter dressing is desired, add a bit of honey.

AND REMEMBER — Catsup, prepared mustard, chopped pickles, celery, olives, onion juice, garlic powder, meat and chili sauces, chopped hard cooked egg, horseradish, a dash of sage, chopped parsley and most any spice or herb can be added to salad dressing and mayonnaise for delectable taste variety.

Prices in this Ad are effective Tuesday, Wednesday, Thursday, Friday, and Saturday, March 23, 24, 25, 26, and 27, in San Francisco, Oakland, Alameda, Berkeley, Richmond, Hayward and other cities and towns in San Mateo, Alameda, and Contra Costa counties, unless price changes are required as a result of new regulations from the O. P. A.

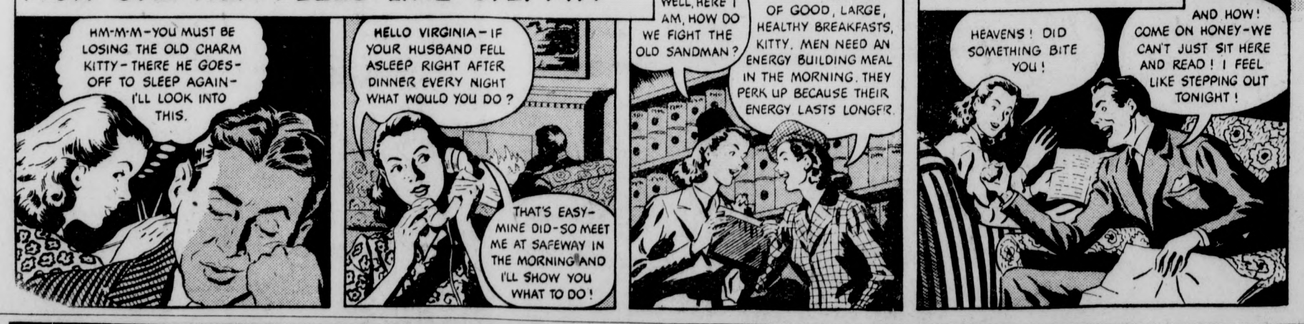
All advertised items subject to having stock on hand and price changes made necessary through new regulations from the Office of Price Administration.

Avoid Mid-Morning Letdown

These are no days for gulp-and-run breakfasts. Everyone's working harder and longer. So be sure and start your family off to work or school well fortified with a delicious, balanced breakfast, morning after morning.

SAFEWAY

NOW STEPHEN FEELS LIKE STEPPIN'



HM-M-M-YOU MUST BE LOSING THE OLD CHARM KITTY-THERE HE GOES-OFF TO SLEEP AGAIN-I'LL LOOK INTO THIS.
HELLO VIRGINIA-IF YOUR HUSBAND FELL ASLEEP RIGHT AFTER DINNER EVERY NIGHT WHAT WOULD YOU DO?
THAT'S EASY-MINE DID-SO MEET ME AT SAFEWAY IN THE MORNING AND I'LL SHOW YOU WHAT TO DO!
WELL, HERE I AM, HOW DO WE FIGHT THE OLD SANDMAN?
WITH A BARRAGE OF GOOD, LARGE, HEALTHY BREAKFASTS, KITTY. MEN NEED AN ENERGY BUILDING MEAL IN THE MORNING. THEY PERK UP BECAUSE THEIR ENERGY LASTS LONGER.
-AND A FEW GOOD BREAKFASTS LATER
HEAVENS! DID SOMETHING BITE YOU!
AND HOW! COME ON HONEY-WE CAN'T JUST SIT HERE AND READ! I FEEL LIKE STEPPING OUT TONIGHT!

FREE ONE QUART PUREX with each purchase of half-gallon!

HURRY! FEW DAYS ONLY!
